FOR IMMEDIATE RELEASE

**City resumes solid waste collection**

**White Rock**—The City of White Rock has resumed regular garbage and recycling pickup services today after all City Operations crews were redeployed last week to assist in snow removal from City streets.

“We are making every effort to keep on top of the garbage and recycling schedule and are hoping to reach those residences that were missed last week due to the snow,” says Director of Municipal Operations, David Pollock. “Our focus over the next few days is on solid waste collection and we ask that residents have their receptacles curbside and free of snow and ice.”

Residents with questions relating to snow and ice control or solid waste collection are asked to contact the Municipal Operations Department at 604-541-2181, or to check the City’s website at [www.city.whiterock.bc.ca](http://www.city.whiterock.bc.ca) for the latest updates.
